

City Fee Sheet

In most cities, a city license or registration must be obtained prior to operating a business within the city limits, including those businesses that are located outside the city limits but perform services for customers inside the city limits. Businesses located outside city limits must carry a copy of their license while operating in the city.

Some cities **may** exempt special types of businesses from being licensed. Examples of those types of business may include:

- Farmers selling their own produce
- Newspaper deliveries
- Limited number of casual sales (garage sales)
- Churches and other religious organizations
- Charitable fundraising organizations
- Fraternal benefit societies
- Participants in a city-sponsored community event
- Delivery of goods sold outside the city

A city may require proof of qualifying for an exemption. If you think your business qualifies for exemption, contact the city directly for more information.

You may apply for a General Business Endorsement for the following cities using the Business License Application at the same time you apply for state licenses and registrations. In addition to the General Business Endorsement some cities may require other licenses, such as a Home Occupation Permit or peddlers endorsement, to conduct particular business activities. Contact the cities directly for more information.

Additional forms and city approval are required for each city.
